

Voice-Over Services

Red & Blue International (RABI) provides voice-over experts with fluency in more than 100 languages and dialects to clients all over the world. Our network of trained actors, narrators, and broadcast specialists have backgrounds across a broad array of industries. They understand the importance of inflection and phrasing, and they know how convey the meaning behind the words. **Your script will come alive with RABI.**

RABI provides voice-over services for:

- Apps
- Commercials
- E-Learning
- IVR Systems/Phone Prompts and Messaging
- Movies
- Corporate Videos
- Radio
- Software
- Video Games
- Websites

RABI's end-to-end offering includes:

- Dubbing
- Voice-Over
- Media Production
- Script Translation
- Subtitle Translation
- Transcription
- Production Monitoring
- Multilingual Editing
- Post-Production Services

Take advantage of our large pool of talent to convert to multiple languages simultaneously and reduce your production time. We provide a dedicated project manager who will ensure that your project goes smoothly and is completed on time, from script translation all the way through to post-production work.

Call us today or visit us online to learn more about our comprehensive voice-over service.
